WHAT TO SAY:

- In your own words: *There is a national initiative to encourage communities to produce Parish Action Plans. A Steering Group of volunteers has been formed with this intention. The aim of a Parish Action Plan is to collect the ideas, views and the concerns of everyone in the parish, on matters that are of importance or interest to the individual or their family, then to develop a Parish Action Plan for dealing with those matters over which people in the village, including the Parish Council, have control or influence, over a period of years.*
- Please fill in the form. Your views are important & will really count.
- All responses will be treated as confidential & will remain anonymous.
- If you would like clarification please come back to me

6. AOB

- VB to contact Alix Jeavons, Rural Action Yorkshire re meeting.
- RE said that Peter Coles is happy to come out & help as needed.
- There is some concern that the IPPSG is simply a front for development. VB said that she was happy to stand down from the main committee, at any time, if it was felt that her presence was seen to undermine the impartiality of the committee.
- Close 9pm
